

Interactive Pets

Proper cleaning is essential to avoid damaging the electronics inside and to ensure safe handling. Below you can find cleaning recommendations: Spray fur with Dapple cleaner or similar non-toxic toy cleaner.

Cleaning Instructions:

- Spray fur with Dapple cleaner or similar non-toxic toy cleaner
- Gently wipe with a clean towel, avoid area around eyes and nose
- Let fur dry
- Wipe down fur with PDI Super Sani-Cloth wipes
- Let fur dry as much as possible
- Brush the entirety of the fur with a bristled brush (Conair bristled brush works best)
- Repeat if necessary

If using the Interactive Pets in a setting with multiple people, we always recommend preventative hygiene of washing hands before and after use.

DO NOT soak the fur or place under running water.
